Attendance Policy:

- Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.
- When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.
- Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.
- It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

Student Code of Conduct Policy: Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

Intellectual Exchange Statement

In South Plains College courses, the instructor will establish and support an environment that values and nurtures individual and group difference and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

Specific Attendance Policy Restated

1. All students enrolled for this course are expected to attend class regularly, be on time, and remain until dismissed.
2. Roll will be taken at each class meeting.
3. If a student is tardy, he/she should speak with the instructor after class to avoid having tardies count toward absences.
4. Students are responsible for all classwork covered during absences from class even in cases in which they are able to satisfy the instructor that the absence was unavoidable.
5. If a student leaves class prior to dismissal of the class, he/she will be counted absent.
6. The only absences labeled as "excused" are those absences due to participation in school functions, or documentable absences due to illness (doctor's note required in the next class period), or a death in the family requires the student to be in attendance of a funeral (proof required).
7. **The instructor may administratively drop a student due to excessive absences (lack of participation).**

Note: Excessive absences is defined as any number of absences above 4 class periods.

Behaviors that will get you counted absent:

Make-up Work:

Make-up work is **NOT** guaranteed. **All work has a deadline and deadlines must be met even if the student is absent.** An absence on the day that you are scheduled for oral presentations or examinations will result in a grade of zero for the assignment unless you meet one of the standards for and “excused absence” according to course policy. Being unprepared OR not knowing the date of your speech or exam is not an acceptable excuse! If, according to the instructor’s discretion, the student is allowed to make up such a presentation or exam, the student may receive a late penalty for the assignment. Only **ONE** speech may be made up during the semester on the designated date for make-ups.

Note:

The instructor reserves the right to modify the course syllabus and policies, as well as notify students of any changes, at any point during the semester.
