Students should refer to the SPC General Catalog policy regarding consequences for cheating and plagiarism (see "Academic Integrity" as well as "Student Conduct" sections in college catalog). At times, working with other students is encouraged for some assignments and meets SCANS competencies C-9 through C-14. II. SPECIFIC COURSE/INSTRUCTOR REQUIREMENTS:

- A. Textbook and Other Materials: Seiter, CORRECTIONS: AN INTRODUCTION. Fifth Edition. Pearson/Prentice Hall Publishing Company. ****Instructor may require use of the REVEL technology in coordination with book
- B. Class Attendance. Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay

tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.

It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. Students must attend and/or participate in all classes for which financial aid is awarded. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the Student will owe any balance resulting from the adjustment.

- C. Assignment Policy. All required work must be turned in on time in order that the student may benefit from the corrections and study for future examinations. Assigned outside work is **DUE ON THE CLASS PERIOD ASSIGNED**. Late work generally is not acceptable; however, special consideration is subject to instructor discretion for exceptional circumstances. The instructor has sole discretion whether the exception is cleared and whether or not the work is acceptable.
- D. Grading Policy/Procedure and/or methods of evaluation. An accumulative point system will be utilized to determine the final grade that the student will receive for the course. The student's grade will be determined by adding the total points earned during the semester from examinations and assignments. (Note: See the General College Catalog "Grade and Reports" for explanation of grades and grade point averages.) Points will be determined in accordance with the following outline:

	TOTAL	
*2 Major Exams @ 100 points each =	200	points
Semester Project.....	100	points
Daily Work Assignments.....	100	points
