

South Plains College
Common Course Syllabus: AGRI 2330
Revised: 08/20/2024

Department: Science

Discipline: Agriculture

Course Number: AGRI 2330

Course Title: Wildlife Conservation and Management

Available Formats: Fully Online

Campus: Levelland

Course Description: Principles and practices used in the production and improvement of wildlife resources. Aesthetic, ecological, and recreational uses of public and private lands. Semester Hours: 3 Lecture Hours: 3

Credit: 3 Lecture: 3

Textbook:

Thomas J. Ryder. (2018). State Wildlife Management and Conservation. Johns Hopkins University Press.

Core Curriculum Objectives addressed:

- **Communications skills**—to include effective written, oral and visual communication
- **Critical thinking skills**—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
- **Teamwork**—to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal
- **Personal Responsibility**—to include the ability to connect choices, actions, and consequences to ethical decision-making.

Student Learning Outcomes:

1. Explain basic ecological principles of population dynamics, habitat, succession, and ecosystems.
2. Describe how these ecological principles can be applied to manage wildlife populations and habitats.
3. Explain the basic concepts of population dynamics, rate of increases in populations, and population growth.
 - a. Discuss the effects of overpopulation and controlled hunting.

- b. Discuss carrying capacity.
- c. Discuss the concept of population density.
- 4. Understand predation and wildlife diseases.
 - a. Discuss the impact of disease on the wildlife population.
 - b. Distinguish between various types of predation.
 - c. Discuss diseases that affect wildlife.
- 5. Understand the economics involved in wildlife management in the 21st century.
 - a. Discuss accessibility of physical and biological components of a habitat.
 - b. Determine influential people in the area of economics as it pertains to wildlife management.
 - c. Discuss the economic value of wildlife.
 - d. Determine the wildlife regulating agencies and their role.

Student Learning Outcomes Assessment: Assessments at the end of each unit will provide evidence of a student's understanding of the course material. Assessments contain multiple types of questions that will assess a student's retention of key concepts and critical thinking skills.

Course Evaluation:

Lecture assessments: 500

A – 500-450 Points

B – 449-400 Points

C – 399-350 Points

D – 349-300 Points

F – Less than 300 Points

Attendance Policy: Students are expected to attend all classes to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus. After 4 unexcused absences, students will be warned of excessive absences. After 6 unexcused absences, students will be dropped from the course with an "X". When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period as determined by the instructor. *Late assignments will only be accepted with prior approval from the instructor.* Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting. Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be

administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy. It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

Instructors will create an attendance policy that is consistent with the “Class Attendance” policies stated in the *SPC General Catalog*:

http://catalog.southplainscollege.edu/content.php?catoid=60&navoid=2086#Class_Attendance

Dropping a Course: Students may drop courses through Texan Connect, the Admissions and Records Office, or Advising and Testing Center through the late registration period.

After late registration has closed, a student must complete the online [Student Initiated Drop Request](#) to drop a course.

Students may also drop courses in person at any campus location by completing a Student Initiated Drop Form. Complete a [Student Initiated Drop Form](#) and return the signed form to the Levelland Admissions and Records Office, the Student Support Center at the Lubbock Downtown Center, the Lubbock Career and Technical Center, or Plainview Center. You must have a picture ID to complete the drop.

A mark of “W” will be given for student-initiated drops that occur prior to and through the last day to drop as indicated in the online Academic Calendar found here:

<https://www.southplainscollege.edu/academiccalendar/index.php>.

Syllabus Statements: For information about Artificial Intelligence, Disabilities, Non-Discrimination, Intellectual Exchange, Title IX Pregnancy Accommodations, CARE (Campus Assessment, Response, and Evaluation) Team, Campus Concealed Carry, and COVID-19, please use this link: <https://www.southplainscollege.edu/syllabusstatements/>.

Plagiarism and Cheating: Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy may result in an F for the assignment and can result in an F or X for the course, if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

1. Submitting work that has been purchased, borrowed, or downloaded from another student or an online term paper site.
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or

4. Missing in-text citations.
5. Violating the Artificial Intelligence policy, as outlined in the syllabus. For more information on AI, please reference this in the syllabus statements:
<https://www.southplainscollege.edu/syllabusstatements/>

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper.
